

Policy Title:

*Marriage and/or Pregnancy Policy*

Code No. **501.8**

Married students may attend school and will have the same rights and responsibilities of all the other students in attendance. The school advises married students to notify their counselors so that the school is aware of the marriage.

A pregnant student may continue to attend school as long as she is able to maintain her academic class schedule and is physically able to be in regular attendance. She may also, upon request, make arrangements with school officials to continue her education through an alternate program.

Following the delivery of the child, the student may return to school whenever her doctor gives approval.
