At the public comment section of the agenda time is granted for citizens to make brief statements to the Board. To make a public comment, the District needs to be notified by 4:00 p.m. the day of the Board meeting, comments will be less than 3 minutes and comments should be germane to school district business.

No public comments.

Mr. Nefzger reviewed the monthly balances for July 2016 for the general fund, schoolhouse, student activity and food service. President Kenyon reported that the report would be filed subject to audit.

Mr. Conrad discussed the availability of activity passes for citizens in the community.

Item No. 5– Facility Discussions

Dr. Pattee stated the District will need to renew the voted Physical Plant and Equipment Levy(PPEL). The current PPEL expires at the end of the 2017-2018 school year. The Administration is developing a ten year master plan for facilities, transportation, technology, preventative maintenance, and other upgrades. Development of the plan will include ranking projects based on educational benefits, safety enhancements, and efficiencies. Dr. Pattee stated this tax levy will not be a tax increase as it is a renewal of an existing levy. The earliest possible date to vote on the PPEL Levy is December 6, 2016 and would need a simple majority vote for approval.

Dr. Pattee reported on the upcoming North Cedar, Orchard Hill and new elementary school projects. The grading package for the new elementary building is currently out to bid and the results for approval will be shared at the September 12, 2016 school board meeting. The finalization of designs for all three projects will take place over the next few months with bidding and recommendations for approval for issuing contracts in the winter and spring of 2017.

Dr. Pattee reported we are approaching 450 kindergartener students for the 2016-2017 school year. That compares with the graduating class size of 2016 of 370 students. Dr. Pattee commented on the transition plan for elementary students at Orchard Hill and North Cedar elementary buildings during the construction process. Dr. Pattee stated the District will be working with RSP and Associates to update our enrollment projections. This report is due in December 2016. In conjunction with this report a review of the attendance boundary line established in May 2015 will take place.
